No. 2011/Track-III/TK/4

New Delhi dated : 14.11.2014

major
 sections
 24/1

W.C. Rly Principal Chief Engineers,
 All Indian Railways.

Sub: Nominal periodicity of tamping of track

Guidelines for Tamping cycle as mentioned in IRTMM vide para 5.7.4 (vi) and Railway Board's letter No.2007/Track-III/TK/7 Pt. dated 16.1.2008 linking the tamping requirement with CFD values of TGI, stand withdrawn with the approval of competent authority.

The periodicity of tamping depends on many factors; some of which were listed in Board's letter of even number dated 25.09.2014. Railways are advised to fix a nominal periodicity of tamping for each of the sections separately for each road/line in terms of Board's letter of even number dated 25.09.2014.

These instructions may be followed till a more rational criteria is stipulated.
