

**GOVERNMENT OF INDIA  
MINISTRY OF RAILWAYS  
RAILWAY BOARD**

**RB/L&A/070/2006**

**No.2006/LMB/2/121**

**New Delhi, dated: 11.8.06**

**General Manager (Engg.)  
All Zonal Railways**

**Sub: Height of the platform for EMU trains.**

The platform should be of high level whenever EMU trains are dealt with irrespective of category of stations. Further, wherever standard provided height of the platform gets reduced on account of track works, then the platform height should be restored to standard in minimum time. Instructions for this are already in place vide Board's letter no.2003/LMB/14/29 dt. 3.2.05.

Railway should carry out a detailed survey of the existing platform wherever EMU trains are dealt with, and take appropriate action for raising/correcting the level of the platform to the standard.
